Brand & Logo Guidelines

Version 1.0 — 2026

This document establishes the visual identity standards for AndikishaHR. It defines how the logo, colours, and typography should be applied across all communications — digital, print, and presentation. Consistent application of these guidelines protects the brand and builds recognition across Kenya and Africa.

The Logo

Primary logo, logomark, and variants

Primary Logo

The AndikishaHR logo is composed of two elements: the **logomark** (the geometric icon) and the **wordmark** (the typeset name). They should always appear together in the primary logo configuration unless specific usage requires the icon alone.

PRIMARY — LIGHT BACKGROUND

PRIMARY — BRAND GREEN BACKGROUND

PRIMARY — DARK BACKGROUND

Logomark & Variants

The logomark (icon only) may be used independently in contexts where the full logo is already established — app icons, favicons, social media profile images, and embossed or embroidered applications. Never use the wordmark without the logomark.

LOGOMARK AT MULTIPLE SIZES

LOGOMARK ANATOMY

Colour Palette

Primary, accent, and supporting colours

Brand Colours

The AndikishaHR palette is built around two primary colours: Forest Green and Warm Amber. Together they signal precision, trust, and natural growth — qualities central to payroll and compliance software. The near-black wordmark colour carries a subtle green undertone, keeping the full identity cohesive even in single-colour applications.

PRIMARY COLOURS

Forest Green

#0B3D2E

RGB 11 / 61 / 46

CMYK 82 / 0 / 25 / 76

Pantone 3435 C

Primary logomark shape and main brand colour

Warm Amber

#E8A020

RGB 232 / 160 / 32

CMYK 0 / 31 / 86 / 9

Pantone 131 C

Accent logomark shape, CTA buttons and highlights

SECONDARY COLOURS

Near Black

#02110C

RGB 2 / 17 / 12

CMYK 88 / 0 / 29 / 93

Wordmark / all body text

Forest 800

#0F5040

RGB 15 / 80 / 64

CMYK 81 / 0 / 20 / 69

Hover states / gradient end

Forest 700

#166A50

RGB 22 / 106 / 80

CMYK 79 / 0 / 25 / 58

Eyebrow labels / icons

Forest 500

#27A870

RGB 39 / 168 / 112

CMYK 77 / 0 / 33 / 34

Success / compliance states

TINTS & SUPPORTING

Approved Backgrounds

The logo must maintain sufficient contrast against its background at all times. Use the colour version on white or light backgrounds. Use the white wordmark version on dark and brand-coloured backgrounds. Never use the logo on busy photographic backgrounds without a solid colour overlay.

APPROVED

**AndikishaHR**

WHITE #FFFFFF

Preferred for print and digital

APPROVED

AMBER #E8A020

Approved — use sparingly

APPROVED

**AndikishaHR**

SURFACE ALT #F8F7F4

Approved for section dividers

APPROVED

**AndikishaHR**

FOREST 50 #E8F5F0

Approved for card backgrounds

Exclusion Zone & Sizing

The exclusion zone is the minimum clear space that must surround the logo at all times. No other text, imagery, or graphic elements should enter this zone. The unit "x" is defined as the height of the capital "A" in the wordmark.

MINIMUM SIZES

Reducing the logo below these thresholds impairs legibility and should be avoided.

Medium	Full logo	Minimum width	Icon only	Minimum
Digital	Full logo	160px wide	Favicon / icon only	32px
Print	Full logo	35mm wide	Embossed / icon only	10mm

Typefaces

AndikishaHR uses two typefaces from the Google Fonts library, both free and open source. Bricolage Grotesque is used for all display headings and the wordmark. DM Sans is used for body copy, UI labels, and supporting text. DM Mono is reserved for numbers, code, and data values — keeping financial figures visually precise.

Bricolage Grotesque

Display — Headings, hero text, wordmark

AndikishaHR

Weights: Regular 400 | SemiBold 600 | Bold 700 | ExtraBold 800

Use for: H1 / H2 / H3 headings, hero copy, section titles, navigation

Avoid: Do not use for body text below 16px or form input labels

fonts.google.com/specimen/Bricolage+Grotesque

DM Sans

Body — UI copy, body text, labels

Run payroll in 30 minutes.

Weights: Regular 400 | Medium 500 | SemiBold 600

Use for: Body paragraphs, nav links, buttons, form labels, captions

Avoid: Do not use at display sizes — switch to Bricolage Grotesque above 28px

fonts.google.com/specimen/DM+Sans

DM Mono

Mono — Numbers, data, code

KES 3,240,000

Weights: Regular 400 | Medium 500

Use for: Payroll figures, stat counters, code blocks, pricing numbers, KPIs

Avoid: Do not use for running text or UI labels

fonts.google.com/specimen/DM+Mono

Do's and Don'ts

The logo is the most visible representation of AndikishaHR across every touchpoint. These rules protect its integrity and ensure it communicates trust and precision in every context — from a business card to a billboard.

Always use approved logo files

Only use original SVG, PNG, or PDF logo files supplied by the brand team.

Don't recolour the logo

Never change the colour of the logomark shapes or the wordmark independently.

Maintain clear space always

Keep the exclusion zone clear of all other design elements at all times.

Don't separate the wordmark

Never use the wordmark text without the logomark icon above 32px size.

Use on approved backgrounds

Choose background colours from the approved palette shown in Section 03.

Don't add effects

No drop shadows, glows, gradients, outlines, or background boxes around the logo.

Scale proportionally

Always scale the logo uniformly. Never stretch or squash any dimension.

Don't rotate or skew

The logo must always appear horizontal and upright — never at an angle.
